19 ▼ I don't think he'd knowingly send pedes into harms way without a plan. You're right. It's either by EO, by something Pence pulls that day, or an option we don't yet know.

I feel like this day is going to be a victory declaration followed by a celebration; and having everyone show up for security, posterity and for the world to see.

When Trump says "be there, will be wild", he means "be there, will be wild" and if the day comes when he says "Save America by any means necessary NOW!" then he's not talking about a street party. You don't need to lead the caravan, only organize. Leaders get picked out at the first meeting or en route. Once the ball gets rolling, strong leaders naturally come out of the woodwork ready to take charge. Getting people there to begin with is what's important. Any of us memespammers can do that.

We have the right to defend ourselves. I am just saying peaceful protest is our right. I am not going there looking for a fight. I am going there ready to defend..BIG difference. Ever seen Enter The Dragon? In the maze of mirrors scence Bruce Lee didn't waste energy blindly trying to fight. He sat and waited for the enemy to present itself. Then acted accordingly.

If you can't bring your gun, I highly recommend that you bring pepper spray and a taser. Be aware of your surroundings.

Walking stick and full size umbrella might be useful. There's also pepper spray that makes a big cloud that can drift with the wind onto bystanders, and pepper spray that emits a fine stream that needs to be aimed and has accuracy.

▼

Sunglasses, hearing protection, hiking boots, water/canteens.

Don't touch someone being taser'ed or you will join them.

Fully solidified this when at the last big protest the cops were chasing us all over the place. Stopping us from messing with blm bullshit and stuff. Same cops let the cucks burn down innocent peoples property, attack and kill people, and deal massive destruction.

You could even tell /ourguys/ didn't quite know how to react because of all the back the blue bullshit and cop worshipping. Always remember a cop will do what they are told because they want the paycheck, pension, and alot of them like the 'power' it gives them. It literally can become their identity, and they won't let it go. Many would probably line you up and shoot you without hesitation if ordered to. City cops especially are brainwashed and dangerous. Never forget there are some patriots too but you can't count on every cop being one.

10 ▾ **Declaration of Independence**

We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness. — That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed, — That whenever any Form of Government becomes destructive of these ends, it is the Right of the People to alter or to abolish it, and to institute new Government, laying its foundation on such principles and organizing its powers in such form, as to them shall seem most likely to effect their Safety and Happiness. Prudence, indeed, will dictate that Governments long established should not be changed for light and transient causes; and accordingly all experience hath shewn that mankind are more disposed to suffer, while evils are sufferable than to right themselves by abolishing the forms to which they are accustomed. But when a long train of abuses and usurpations, pursuing invariably the same Object evinces a design to reduce them under absolute Despotism, it is their right, it is their duty, to throw off such Government, and to provide new Guards for their future security. — Such has been the patient sufferance of these Colonies; and such is now the necessity which constrains them to alter their former Systems of Government. The history of the present King of Great Britain is a history of repeated injuries and usurpations, all having in direct object the establishment of an absolute Tyranny over these States. To prove this, let Facts be submitted to a candid world.

No, this is the text of the Document, verbatim.

The Declaration of Independence describes our situation to a tee.

This paragraph should adorn all printed material that pertains to Jan 6th.

This is our cause.

▼ We need to study their methods too. Antifa is a paramilitary force designed to operate using "over the counter" weapons, and tactics that neutralize the cops and gain them victories in conflicts with patriots. They will hit you with things that don't seem to be weapons, and they will swarm and mob a single victim, then disperse in 10 directions. They crowd cops and "de-arrest" their people. They wear a uniform so it's all but impossible to know who did what.

Our side should be prepared for these things, and also adopt the same tactics when practical.

“ To know the perfect length of your short staff, or half pike, forest bill, partisan, or glaive, or such like weapons of vantage and perfect lengths, you shall stand upright, holding the staff upright close by your body, with your left hand, reaching with your right hand your staff as high as you can, and then allow to that length a space to set both your hands, when you come to fight, wherein you may conveniently strike, thrust, and ward, & that is the just length to be made according to your stature. And this note, that these lengths will commonly fall out to be eight or nine foot long
